

# ACRI-LITE®

OUR MOST POPULAR EXTERIOR PAINT

Acri-Lite has been the quality standard for exterior painting in the Northwest for more than 50 years. Made from the highest quality acrylic resin, Acri-Lite is our most popular and widely used exterior paint. 100% acrylic, superb adhesion, washability and coverage make it ideal for showcase buildings or any commercial or residential building where the highest level of quality is desired.

Acri-Lite is also available in “Super,” which is enhanced with more titanium dioxide and resin for increased hide or coverage when painting with white or light colors.

- 100% Acrylic
- Self-priming
- Excellent color retention
- Unlimited color selection
- Water clean up

## FLAT

A flat finish will minimize visibility of surface imperfections due to lack of light refraction. It is best used for rough surfaces or surfaces that are regularly repainted or touched up.

## VELVET

Ideal for projects where a deep, rich look is desired yet only a minimal sheen is needed, and mostly seen at an angle. It reduces dirt pick-up and provides some washability. Ideal for full body exterior work where some sheen is desired. Best used when the surface is free of major imperfections.

## SATIN

This finish will minimize dirt pick-up and is washable. Ideal for full body exterior work where some sheen is desired. Best used when the surface is free of major imperfections. Use in applications like exterior body, sidings (wood or metal), exterior rough or smooth trim.

## SEMI GLOSS

This high-sheen product is very washable and perfect for areas that are more susceptible to dirt, grease and moisture. Use in applications like exterior smooth siding, exterior smooth wood trim, and primed metal surfaces.
