

# EVOLUTION®

THE ART OF QUALITY AND COLOR

Evolution® is our most technologically advanced coating. Formulated with an advanced 100% pure acrylic co-polymer resin for prolonged adhesion, this high solids coating is like nothing else we make. Evolution can be used on properly prepared vertical wood, composite, metal, concrete, stucco, and block. Evolution can be applied heavier than standard exterior paints for better coverage in one application. Evolution by Miller Paint saves labor, resources and is covered by our exclusive lifetime warranty

- Lifetime warranty
- Advanced 100% acrylic system
- Self priming
- Mildew, mold, & algae resistant
- Excellent flexibility
- Bridges minor cracks
- Easy to apply
- Easy cleanup

## FLAT

A flat finish will minimize visibility of surface imperfections due to lack of light refraction. It is best used for rough surfaces or surfaces that are regularly repainted or touched up.

## VELVET

Ideal for projects where a deep, rich look is desired yet only a minimal sheen is needed. This finish has a minimal sheen that is mostly seen at an angle. It reduces dirt pick-up and provides some washability. Ideal for full body exterior work where some sheen is desired. Best used when the surface is free of major imperfections.

## SATIN

This finish will minimize dirt pick-up and is washable. Ideal for full body exterior work where some sheen is desired. Best used when the surface is free of major imperfections. Use in applications like exterior body, sidings (wood or metal), exterior rough or smooth trim.
